

Western Sydney University Vice-Chancellery Offices

Parramatta

Facts

CLIENT	Western Sydney University
LOCATION	Western Sydney University, Parramatta South Campus, NSW
PROJECT SIZE	1,480sqm
COMPLETION	March 2020
CONTRACTOR	Buildcorp
INTERIOR DESIGNER	Grimshaw

Project Overview

Western Sydney University embarked on an expansion of its prestigious Vice-Chancellery offices, located in the Executive Building of its Parramatta South Campus.

Delivered over two stages, Stage 1 included the repurposing of adjacent teaching spaces, which were refurbished to seamlessly integrate with the existing Vice-Chancellery space. Stage 2 involved the refurbishment and reconfiguration of existing areas within the Vice-Chancellery's northern wing, to improve its functionality.

The refurbished space included a formal boardroom and a range of informal meeting rooms, event and quiet reflection spaces, private and open plan offices, gallery spaces and lounge areas, along with a range of amenities, including kitchens, alfresco dining spaces, a hot desk area and restrooms.

The interior design was completed by Grimshaw, with the project further supported by a consulting team consisting of Northrop, Altus Group, Group DLA and AECOM.

The Problem

Western Sydney University required the refurbished space be delivered by 2 March 2020, under a tight fixed budget.

The works were complete within an operational facility. Detailed stakeholder management was required with all levels of university management.

Our Solution

Solutions Consulting Australia was engaged to leverage its extensive project management experience to ensure the refurbishment was delivered within the strict timeframe and to an extremely high standard. This included working closely with the design team and builder to review and identify opportunities where the program could be escalated to meet the tight deadline.
